

LOL-ACC-0038

Model No LOL-ACC-0038

Application Accent

Name Flexible BBQ Light

Description

Perfect for illuminating food on the BBQ, this handy low voltage flexible stem deck light fixture is constructed of heavy gauge extruded aluminum. The stem and flex arm is constructed of heavy gauge brass incased in a black UV resistant PVC shrink cover for superior performance. The CNC machined solid aluminum mounting canopy features an On/Off push button control protected by a rubber boot cover. A clear, tempered, shock and heat resistant soda-lime glass lens safeguards the lamp and optics. A black polyester powder-coated finish is applied to both the housing and mounting canopy.

Power Input 12V AC, 24V DC

Lamp details MR16

Power Usage 4 - 7W

Beam Angles Varies with lamp

Colour Temperature Varies with lamp

Lumen Varies with lamp

CRI 80+

Dimming System Call to discuss

IP

Finish Black powdercoat

Mounting Surface Mount

Dimensions 533H x 114Ø x 965L

Product Notes

* Optional hardwired On/Off switch available.

** Height given is for fully extended position

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
