Power Input	240V
Lamp details	LED Module
Power Usage	15W
Beam Angles	Asymmetric
Colour Temperature	3000k
Lumen	1520 lm
CRI	90+
Dimming System	Call to discuss
IP	IP66
Finish	Corten, Dark Grey, White
Mounting	Surface mount
Dimensions	200L x 151H x 32D
Product Notes	Light Grey and Black finishes available on request

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
