

LOL-BES-0490

Model No *LOL-BES-0490*

Application *Bespoke*

Name *Hawksburn Wall Light*

Description

The Australian designed Hawksburn is designed for a warm generous light output. The classic shape and proportions is perfect for larger entrances, porticos and facades with vines. The base and top can either be glass panelled, or closed (as shown) to suit your requirements. A mirror back panel is standard unless the base material backing is requested.

For other sizes please refer to LOL-BES-0095, LOL-BES-0491 & LOL-BES-0492

Product Notes

Please note lamp manufacturer's specifications. Clear bevelled glass standard, other options are available. The height is customisable. As this product is handmade all measurements can vary. Please call to discuss.

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
