

LOL-DOW-0150

Model No	LOL-DOW-0150
Application	Downlight
Name	Hanging Light
Description	<i>This compact low voltage hanging down light fixture is constructed of die-cast, copperfree aluminum for strength and reliability. The fixture housing is fitted with a silicone o-ring gasket to ensure a weather tight seal. A clear, tempered, shock and heat resistant, soda-lime glass lens safeguards the lamp and optics. A super durable polyester powdercoated finish is applied and available in 13 standard colors. A solid brass loop with a 2m stainless steel cable-hanger is also included.</i>
Power Input	12V
Lamp details	MR16
Power Usage	varies with lamp, 3W to 7W
Beam Angles	varies with lamp, 10 to 120 degrees
Colour Temperature	varies with lamp, 2700k to 4000k
Lumen	varies with lamp
CRI	varies with lamp, 80+ - 90+
Dimming System	Call to discuss
IP	
Finish	Various Powdercoat Colours on copper free Aluminium
Mounting	Hanging with stainless steel cable and brass loop provided
Dimensions	57Ø x 61W x 122H
Product Notes	

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
