

LOL-ING-0190

Model No	LOL-ING-0190
Application	Inground
Name	Solid Cast Brass Inground
Description	<i>The LOL-ING-0190 is a robust solid brass LED inground uplight ideal for garden and architectural settings. The wide range of beam angles with different light outputs makes this a useful inground which can be used across a large project providing tailored solutions for many areas with different lighting requirements but providing a consistent fixture appearance.</i>
Power Input	24V DC
Lamp details	LED Module
Power Usage	4W, 7W
Beam Angles	10, 25, 40, diffuse, asymmetric
Colour Temperature	3000k
Lumen	300 lm, 600 lm
CRI	90+
Dimming System	
IP	IP68
Finish	Black Brass, Copper Finish Brass, Aged Brass
Mounting	Recessed Inground
Dimensions	80Ø x 82H
Product Notes	50mm diameter cutout required

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
