IP	
Finish	316 Stainless Steel, Copper
Mounting	Inground with canister in grade. Ensure adequate drainage around light.
Dimensions	32Ø x 49H
Product Notes	**Other color temperatures available
IP68 Joining Kit	YES

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.

Copper Finish

316 Stainless Steel Finish
