

LOL-LIN-1039

Model No	LOL-LIN-1039
Application	Linear
Name	Flexible Compact LED neon flex.
Description	
The LOL-LIN-1039 emits a dot free, uniform and soft light with reduced shadowing. The small profile and tight minimum bend radius (30mm) allows the light to be used as a creative element in a wide variety of lighting projects and the weatherproof IP67 rating doesn't restrict its positioning in either indoor or outdoor settings	
Power Input	24V DC
Lamp details	LED Module
Power Usage	7W-8W (Max)
Beam Angles	120
Colour Temperature	2700k
Lumen	290 lm per metre
CRI	80+
Dimming System	0-10 Volt, DALI
IP	
Finish	as supplied
Mounting	Surface mounted with proprietary clips
Dimensions	5W x 10H x L varies
Product Notes	
*42mm cut increments	
IP68 Joining Kit	YES

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
