Power Input	12V
Lamp details	Bi- Pin, LED Module
Power Usage	2.5W, 5W
Beam Angles	360
Colour Temperature	Warm White
Lumen	tba
CRI	tba
Dimming System	
IP	
Finish	<i>Many colours available in Powdercoat Aluminium - Copper Free</i>
Mounting	<i>Threaded base may be mounted into threaded hubs in junction boxes, threaded spikes or floor mount canopies.</i>
Dimensions	467H x 114Ø x 46D
Product Notes	Custom post length up to 1.2m available on request

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
