

LOL-PAT-0442

Model No	LOL-PAT-0442
Application	Path or Step
Name	Surface Mounted Path Light
Description	<i>The LOL-PAT-0442 has a robust solid cast brass housing and is suitable for traffic drive over areas. It generates a wide angled wash of light over either a horizontal or vertical surface. It is particularly well suited to existing conditions as no core hole drilling is required needing only a cable entry hole. It features a hidden mounting system for a neat installation. This light can be used for a wide range of outdoor applications.</i>

Mounting	Surface mount, 4 x stainless steel screws
Dimensions	120Ø x 23H
Product Notes	

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
