

LOL-PAT-1362

Model No LOL-PAT-1362

Application Path or Step

Name Dome Path Light on Post

Description

The clean retro shape LOL-PAT-1362 generates a contemporary ambience and is great for rockeries and gravel path ways. It creates a generous and glare free circular pool of light on the ground. It is constructed of die-cast, copper-free aluminum for strength and reliability with a clear high impact polycarbonate lens. The stem is 13mm aluminum tubing and a super durable polyester powder-coated finish is applied.

Power Input 12V AC

Different heights available on request

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
