

LOL-WAL-0196

Model No LOL-WAL-0196

Application Wall

Name Wall Downlight

Description

The LOL-WAL-0196 has precision-engineered features and a rugged construction. The copper housing is fitted with a CNC machined solid brass end cover with an integrated o-ring, which protects it from the elements and holds the standard convex soda glass lense. The lamp holding mechanism is suspended within the end cover, this design allows for easy access for relamping.

Power Input 12V, 24V

Lamp details MR11

Power Usage 4W-7W

Beam Angles TBA

Colour Temperature TBA

Lumen TBA

CRI TBA

Dimming System

IP

Finish 316 Stainless Steel, Copper, Natural Brass, various Powdercoat

Mounting Wall mount canopy included.

Dimensions 114H x 64Ø x 114D

Product Notes

*A range of MR16 lamps are available providing different beams, CRIs, colour temperatures and light output values

**Suitable for outdoor areas

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
