

LOL-WAL-0408

Model No	LOL-WAL-0408
Application	Wall
Name	Curve Neck Wall Light
Description	<i>The long neck of the LOL-WAL-0408 is designed to extend past overhanging vines and creepers. This makes it an ideal lighting solution for existing pergolas with established planting or where it is anticipated the vegetation will grow over normal down lights. The light is affixed at the base to a suitable surface.</i>
Power Input	12V

Beam Angles	varies with lamp, 10 to 120 degrees
Colour Temperature	varies with lamp, 2700k to 4000k
Lumen	varies with lamp
CRI	varies with lamp, 80+ - 90+
Dimming System	
IP	
Finish	Black Powdercoat
Mounting	Surface Mount
Dimensions	Type 1: 100Ø x 262H x 480L, Type 2: 100Ø x 262H x 180L
Product Notes	* custom finishes & colours available

General Notes

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
