Dimensions	Assembly (Short): 77L x 44Ø x 93H, Flush Mount: 77L x 44Ø, Low Profile: 77L x 37Ø, Long yoke: 124L x 45W, Base Plate: 70L x 50W

Product Notes

Must be installed by a suitably qualified electrician in accordance with AS/NZS 3000:2007 Wiring Rules. Not to be used with Halogen Electronic Transformers. Install with provision for maintenance should it be required

General Notes

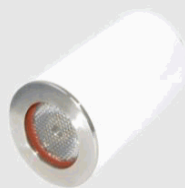

Please contact Light on Landscape to confirm the availability and current specifications of this luminaire.

Installation

Light on Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joins, heat shrink connectors and quality lamps.
